## Chapter 1 by içe cold

"I- Every time I see a dead girl my mind manipulates reality and makes my grief over Vera attached to every dead girl I see. I guess in a sick way my mind is over working so that I can lift the burden off of my psyche for a moment. I don't have any hate left to hate .I hate myself.I.I haven't been the same since they killed my Vera. I used to be good. I used to use my magick for healing and protection . I use to believe in hurting myself before I hurt anyone else. What a fool I was. I just wanted to be a good priestess so that the sins of my people wouldn't taint my daughter. I thought maybe ,the God of humanity might notice me and protect my child. Since we can't come into his kingdom but no matter what good I did .I guess I was meant to be this way-.The kind Aisling made the darker members of the faith think I was weak. Oh they were right. They set up everything .Leroy's filthy fucking paws even got a sick bastard to act like a decent being long enough to play the loving father to my Vera; just to make me watch ....." I explained to the man that I had just attacked for killing a girl I thought to be Vera but it was a demi-wolf that preferred human children.

I choked back my tears. I gulped down another bottle of vodka burning my memories away. No good deed goes unpunished alright. What's the use in being powerful when my power did

nothing for me.

"Aisling, You're too outspoken. I want to break that spirit of yours.. See I know you don't mind physical pain. But oh emotional pain just kills you. I want to break your mind, your will and then your body." Leroy said with his over confident mouth.

I didn't say a word. "Sick bastard" I thought. My skin scrawled with disgust. I was stripped naked. My hair roughly cut short with rusty shears. I showed no emotion. I just watched trying to be platonic. How would he break me emotionally?

"How will I break you? See I could make you watch horrible things? Your daughter Vera? Beautiful creature. Only a year old. Your husband? He's not of the faith. I wouldn't be blamed for killing a demon as filthy as a ghoul. Darling I have the power of making you or anyone else do what I want- I know- How would you like me make you watch your daughter's body being ravished by your beloved over and over? I know your precious one has regenerative abilities. Yes that's what I'll do Aisling. You will learn the consequences of rejecting me".

I was bound in shimmering cloth that burned my skin. I tried to burn the cloth, it didn't do any damage. I was completely helpless. I don't, I can't watch this. Leroy left the room and returned with my beautiful baby girl. She was the strength of my heart. Cody hadn't came in yet. Maybe they didn't find him. I had to be hopeful. Surely Cody would be strong enough to fight that kind of evil he had to.

"I will kill you. I will never respect or submit to you!" The cloth burned my tongue. I didn't care. I moved my face enough to make the cloth fall around my neck. Tears dripped from my eyes. "Mommy loves you."

Cody walked in with a smug expression. I was mortified. I did not understand. I felt my mind collapse on itself as Leroy told Cody what to do. He did it without being compelled. I heard my child shriek in agony. Not only being hurt emotionally but tortured.

"Stop" I begged I screamed I cried I shook. I bargained. She regenerated limbs 20 times or more before I lost count. The worst part was they raped her right in front of me over and over. I couldn't stop it. She called for me- I was supposed to save her.

"How can you have your worthless child?" Leroy said. I'm not sure if he was covered in blood and walked over to me. See more of Story Wars

With much became disheveled and roughly changed away at her neck I backed away and released him.

my chest and heart. HE Dropped her head in my lap. I became motionless. I felt my sanity break. I had no will to live or fight. Cody plucked out one of her eyes and shoved it into my mouth.\*

"Love, her flesh was so sweet but her pussy even sweeter just like her Momma" My lover said.

I was covered in blood. I reacted only from grief. I closed my eyes. As I used my baby's blood to strangle her father. Leroy pulled out magical whips and beat me until my body was fleshy slits from the neck down. Somehow I got one wrist free so I could cradle her head. I slammed the iron chair into his head. I was completely numb. I talked to her.

"See look mommy is saving you." I ripped Cody's flesh with my teeth until there was nothing left but bone.\*

"You love Mommy Don't you." I hadn't realized she was dead yet. I broke down into sobs with the realization. I kissed her head over and over.

I took another swig of vodka as tears brought me back to the present.

## Chapter 2 by Phantim

After that I had run, run and run til' I couldn't run anymore. Then I rested and ran some more. I left Leroy and that damned city behind me. The whole country even, I boarded a ship and crossed the Narrow Sea. Now I live in Ithgarde, I feel safer here. But with safety comes relaxation, and every time I relax I see her face again. I see everything all over again. I throw my empty bottle against the wall shattering it.

It wakes up some of the whores that share my room. That's what I am now, a servant to the lord of Ithgarde. My magic powers let me serve as one of his attendants, but the curse of having a pussy between my legs as usual meant there were other uses for me when I wasn't using my magic. They say I am beautiful, I thought so once, but I don't see it anymore.

After glancing around and seeing that it was just me, the whores go back to sleep. I stand up and
